

How to stay engaged with your donors and volunteers

Thursday, August 6 - 12-1 pm

Webinar url will be provided by August 5th

Non-profit organizations across all sizes and sectors share the same questions: how do we engage our donors and volunteers, and what sort of outreach is appreciated and appropriate? With the COVID-19 crisis impacting the philanthropic landscape on a daily basis, the answer to that question has taken on new levels of depth and importance.

Now is the time to reach out to your donors and volunteers, thanking them for their continued support and reminding them of the important work your charity does because of their commitment to it. At a time when so much is unknown, and some may feel helpless as to what they can do, a reminder of the impact supporters are having as donors and volunteers will go a long way towards increasing their overall engagement.

Staying Engaged with your Donors & Volunteers during COVID-19 webinar will ensure that your organization will continue to be an asset to your community

Staying Engaged with your Donors and Volunteers
during COVID-19 webinar
